**Thank goodness
for Goodman.[®]**

At Daikin Comfort Technologies, we believe in American dependability. Units are designed, engineered and assembled in the U.S.A.

Independent, dependable, courteous, prompt, honest, highly-skilled and respectful of you and your home. That's why all the time homeowners say,

"These guys are good – really good."

Why does Goodman® brand have such a large fan base?

Many of your neighbors may have discovered that a reliable and energy-efficient home comfort system doesn't have to cost a fortune. **Goodman** brand whole-house systems feature many of the latest and greatest money-saving technology benefits that we can offer. They are designed and engineered to run quietly and pretty much worry-free.

The **Goodman**® brand is one of the biggest names in home heating and energy-efficient home comfort. That's because **Goodman** brand lives up to its name in a big way, with time-tested energy-efficient technology, highly-durable materials and spot-on manufacturing. So, no matter where you live or whether your home is small or large, **Goodman** brand probably has a gas furnace to help keep your home warm and comfortable.

Goodman brand is a brand you can really warm up to.

The best gas furnace is the kind you don't have to think or worry about. It comes on the moment you need it and then runs quietly and efficiently all winter long as needed. The **Goodman** brand GMES92 is loaded with features designed to provide outstanding performance for years to come. We use advanced techniques and materials so you know the cozy, even heat you feel in every corner of your home is an energy-efficient warming trend that's designed to stay for many years.

Don't high utility bills make you hot under the collar?

High heating bills burn us up, too. Our complete line of gas furnaces are priced to help add comfort to your budget from a local independent dealer. And that's only the beginning. We want you to smile every time you open your utility bill, so we design into our units proven energy-efficient technology.

Taking pride in our company heritage.

Goodman brand heating and cooling systems are designed to provide refreshingly affordable and energy-efficient indoor comfort solutions using advanced technology. But the company ultimately adheres to some old-fashioned values too. **Goodman** brand believes in the integrity of the American worker. That's why **Goodman** brand heating and cooling systems are designed, engineered and assembled in the United States.

Experience reliable indoor comfort for everyone in your home winter after winter after winter.

A LOT GOES INTO EVERY GOODMAN® BRAND GMES92 GAS FURNACE

The art of precision

Aluminized-Steel Tubular Primary Heat Exchanger – Distinctive tubular aluminized-steel construction formed using wrinklebend technology results in an extremely durable heat exchanger. Paired with a stainless-steel secondary heat exchanger, this combination provides reliability, durability and efficiency.

Efficient and Quiet Multi-Speed ECM Circulator Motor – Provides quiet system startup and shutdown with highly-efficient performance.

Goodman brand gas furnaces simply work the way they're supposed to, making each one a thing of beauty.

Durable Silicon Nitride Igniter – Eliminates the need for an energy-wasting pilot light.

Quiet, Single-Speed, Induced-Draft Blower – Provides precise control and enhanced energy-efficient performance as compared to a natural draft furnace.

Self-Diagnostic Control Board – Continuously monitors the system for consistent, reliable operation, stores last diagnostic codes in memory and indicates condition through LED for quick troubleshooting.

Compact Cabinet – Compactly designed cabinet means more heating in a smaller footprint. Air leakage of less than 2% for all models.

COMPONENT UPGRADE OFFERS BETTER PERFORMANCE

The aluminized steel, tubular primary heat exchanger featured in **Goodman** brand gas furnaces is likely the most essential component in a gas furnace's performance. This distinctive heat exchanger employs wrinkle-bend technology which was developed to deliver extraordinary durability and long-term reliability.

When your current furnace breaks, it's good to know that your local, independent **Goodman** brand contractor has financing options available to help defray what might be considered an emergency purchase for your home.

Thank goodness for Goodman.®
