Premium **Amana**
Brand Quality

All-Aluminum
Evaporator Coil

Improving your home's complete indoor comfort system should not be an afterthought.

Whether it's time to replace a component in an existing central HVAC system, or to install a totally new system, **Amana** brand products can provide dependable comfort and efficiency for your family – for every season.

A Single Metal Solution for Smart Evaporator Coils

The All-Aluminum evaporator coil is constructed from aluminum tubing, fins and end plates giving you a single metal solution for outstanding, time-tested, heat transfer performance properties. If you're looking for an evaporator coil that offers enhanced durability, coupled with enhanced performance (as tested in our labs), this is the product for you.

Features and Benefits:

- Tube and fin coil construction provides time-tested and proven heat transfer efficiency
- Grooved aluminum tubing offers increased surface area for refrigerant heat transfer performance
- Every unit undergoes a three-step leak detection during construction, including a precision leak test in a vacuum tight chamber capable of detecting 1/10 oz/year.
- Aluminum-lanced sine fin design for optimum heat transfer
- Thick-walled aluminum tubing provides superb strength
- Copper coil stud for connecting copper liquid suction lines

LIMITED WARRANTY* PROTECTION

Complete warranty details available from your local dealer or at www.amana-hac.com. To receive the 10-Year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

Additional information

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.
